asked Editor-in-Chief to retract paper since after positive reviews of the two reviewers, paper was published without final permission of the authors. Since, authors have not been informed by Editor-in-chief of the journal *Thermal Science*, about publishing of their paper, they published similar paper in the journal Powder Technology, Volume 262, August 2014, Pages 71-81, <https://doi.org/10.1016/j.powtec.2014.04.061>.
