

## From the Editor-in-chief

Dear readers,

This issue of the journal *Thermal Science* deals with several topics. Besides classical heat transfer topics, you will find papers dealing with processes in micro heat pipes, refrigeration systems for automobile applications, and processes in magnetic fields. This time again, we pointed out to your attention the use of solar energy for different applications.

Once again, we want to remember you that you can find our journal *Thermal Science* on **Web of Science, Science Citation Index**, links:

Dear Prof. Dr. Simeon Oka,

I am pleased to inform you that *Thermal Science* has been selected for coverage in Thomson Reuters products and custom information services. Beginning with V. 11 (1) 2007, this publication will be indexed and abstracted in the following:

- ◆ Science Citation Index Expanded (also known as SciSearch®)
- ◆ Journal Citation Reports/Science Edition

If possible, please mention in the first few pages of the journal that it is covered in these Thomson Reuters services. I would greatly appreciate completion and return of the enclosed *Journal Information Sheet* at your earliest convenience.

In the future *Thermal Science* may be evaluated and included in additional Thomson Reuters products and information services to meet the needs of the scientific and scholarly research community.

Thank you very much.

Sincerely,

Marian Hollingsworth  
Director, Publisher Relations
